I wanted to talk about the various allegations that are public.

Here is a link to the NRC petition filed in 6/2017:

Attached is a version of the above that has my own highlights. Pp. 11-32 is the section with the description of the forms of falsification that are alleged. This main document makes references to exhibits, which have more details. Here is a link to the dropbox where all the exhibits are available

https://www.dropbox.com/sh/1gfn7ja0fc3c5l6/AAD7-9qzmbhhUTkGvpN4p_Xua?dl=0.

I also mailed CD's with all the exhibits to Nina and Sheetal. If anyone has trouble accessing them let me know.

In addition, attached are public NRC documents related to its concluded enforcement action. The file labelled "choice" gives details in the attachment about the NRC findings. Tetra Tech EC did not dispute the findings after receiving this letter offering the opportunity for a response.
